Our Objective

The objective of the Men's 18 Hole Golf Association (MGA) is to encourage the play of the game of golf among the men of Hot Springs Village and eligible others and to conduct a variety of tournaments for all its members throughout the year.

Joining the MGA

The membership of the MGA is limited to Hot Springs Village (HSV) Property Owners and Non-Property Owners who have purchased a membership assignment on HSV property. All MGA members must have an established USGA or other acceptable handicap.

To become a member, you may sign up via our on-line application on the MGA website, or complete a paper application available at many of the HSV Golf Pro Shops.

For further information, go to our web-site and/or contact any MGA Board member.

MGA 18 History

The Men's 18 Hole Golf Association (MGA) was founded in 1972 to foster golf and mutual friendships among the men of Hot Springs Village.

The founders envisioned a regularly scheduled golf competition and social interaction to bring members together and to promote golf in the Village.

Complete information, schedules, and much more are available at:

www.hsvmga18.com

Our Season

We offer a 26 week season beginning in April and continuing through October. Each weekly event is a unique individual, two-man or four-man tournament complete with winners and prize money. At least 90% of annual dues is returned as prize money in the form of merchandise credits at any HSV Golf Pro Shop.

We begin our season with the Spring Membership meeting and Kickoff Tournament in March, and end with the special Tournament Directors tournament in October and the Fall Membership meeting in November where we wrap up awards and elect new MGA Board Members.

Additional events include a two man Snowman Tournament in February and a two day Member/Member Tournament in August.

Groups

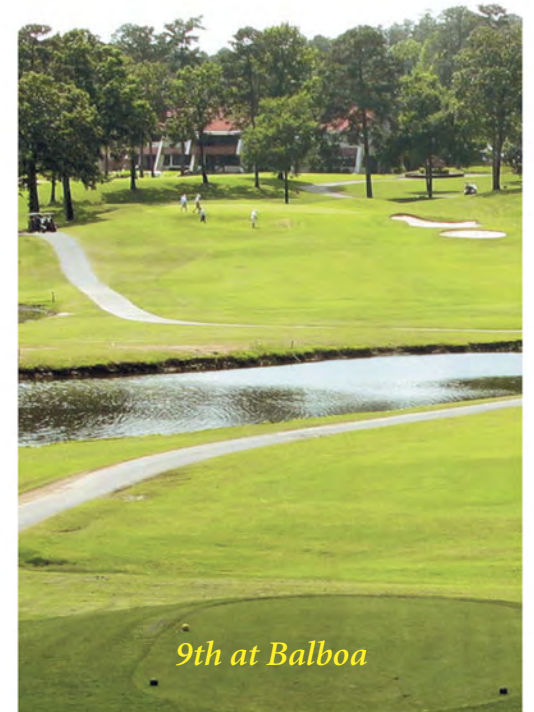

The MGA is made up of several groups based on handicap range, tee box preference and skill levels. The group divisions are defined and published on the MGA website. This allows golfers of comparable abilities to compete in weekly events. The higher handicap groups play on Mondays and the lower handicap groups play on Tuesdays.

Pace of Play

“Ready Golf” is paramount in MGA events. Each Tournament Director is responsible to work with the course Marshalls to maintain the proper pace of play for all events.

Handicaps

USGA and MGA require that all applicable scores be posted to the GHIN handicap system. The MGA Handicap Committee will review and assess the system for compliance to the USGA rules. It is every player's responsibility to know the USGA and local rules of golf.
