

## MGA Rainout Policy

1. **Tournament Day:** Every effort will be made to complete each tournament. If in doubt about the weather the day of an event, check the HSV POA website golf course conditions page or call the Pro Shop an hour prior to your tee time for status.
2. **Delays:** Rain is not necessarily a reason to cancel play. Players are encouraged to continue play during periods of light rain or intermittent showers. Delaying on the course for short times is permitted. If longer delays are anticipated, or if there is lightning, mark your ball location and return to the club house for a determination by each Group Tournament Director whether play will continue or not.
3. **Continue Play:** If play is continued by the Group Tournament Director, players must complete their entire round to be eligible for prize money.
4. **Discontinue Play:** If play is discontinued by the Group Tournament Director, and the entire Group has completed at least 9 holes, prize money for that Group will be awarded based on the 9 holes completed. No prize money will be awarded to a Group unless all Group players (other than those that may have withdrawn) complete at least 9 holes.
